Rumors of a seed swap...

A number of people in town would like to see a seed and plant swap happen this month. Joe is interested in hosting it at the corner café. More info will be coming forth as plans crystallize. The basic idea is that you bring your surplus seeds and plants from last year and exchange them with your neighbors. The Co-op plans to obtain some seeds from the Seeds of Change people. That would be a good time to share them.

Demolition almost complete

Rick, Randy, Willow and their crews have been busy tearing down the roof structure and cleaning out the old materials at the building behind Randy's. A whole new structure will be built in and over the existing brick walls in the next few months. Some solid refurbished old growth lumber from an old mill will help create a very pleasant down-home atmosphere for the building. This will be a very exciting addition to old-town Brownsville. This year's Farmers Market will be held in the parking lot nearby.
