

Blueberry Pickorama scheduled for Friday July 27th

How do fresh picked organic blueberries at \$1.00/lb sound? A group of us are going to carpool over to Seven Oaks Nursery (near Corvallis) and pick to hearts content. The next day is both a farmers market day and the Stand By Me event where thousands of people are expected in town. So some people might consider selling some blueberries at the community booth.

The exact time and place of departure has not been set yet. Contact Steve at sbrenner@archetype.org if you are interested.

Volunteers needed for Farmers Market

Apparently not enough people are signing up on our volunteer sheet at the market. We really do need to have solid commitments each week (what would happen if no one showed up?). It's actually a lot of fun working at the community booth and interacting with your friends and neighbors. Contact Susan Richards at mantra@centurytel.net or Marilyn Petersen at mzpeterson@gmail.com to get scheduled for a market day. An online form is in the works to help facilitate the scheduling process.

Community Gardens are in full swing – tools and stuff needed

There are only a few plots left at this point. Contact JD at 466-3116 to get your plot going.

There is a bunch of things we could use at the garden. If you have one of the following items (or something similar) that you no longer need and would like to donate, please contact JD:

Wheelbarrow, rake, pitch fork, hoe, drip lines, sprinklers, hose, seeds, lumber for compost bin, etc.

Next Azure Standard order deadline is July 18th

With the delivery the following Monday on the 23rd.

Next Co-op Meeting is August 19th

At Randy's (or outside Randy's) 7:30 pm.
