

**Azure Standard Order Deadline - August 15th**

With the delivery the following monday the 20th

**Next Co-op Meeting August 19th**

7:30 pm at the patio at Randy's

**Volunteer needed for building canopy weights**

Our community booths at the Farmers Market are vulnerable to being carried off with a strong gust of wind. We need someone to coordinate the designing and building of removable weights that will hold them down. Contact Anne Stein at 466-5081 to get started. The Co-op will reimburse for all material costs.

**The Brownsville Co-op is one year old!**

The Co-op was officially 1 year old on July 24th. Many thanks to the 71 supporting Co-op members and all of the people who have contributed to or shopped at the Farmers Market or Buyers Club. The reception from the Brownsville community and surrounding areas has been wonderful. And this year we are moving ahead with our Community Gardens, completing the start of our three main missions. Is a Natural Food Store in our future? That's our dream...
